

G.D. GOENKA PUBLIC SCHOOL, SILIGURI

STANDARD VI

Dear Achiever,

Creativity is nothing but a mind set free.

The underlying theme for this holiday home work is how we can find special in the ordinary and the unique in the monotony. We hope that in completing your work you embark on a wonderful journey of re-discovery with the help of your creativity!

GENERAL INSTRUCTIONS:

1. Complete your assignments using A4 sheets. Write the subject in the centre of the page.
2. Write your name, class and section on the top right hand side on each sheet.
3. Use the first page of this file as the Cover Page of your Holiday Homework or design one yourself.
4. Submit your holiday home work, on re-opening of School, neatly put together in separate folders for each subject that you may make of recycled paper
5. Name the source if you have used the internet for research.

ENGLISH

THE WAY I SEE IT: POSTER MAKING

Poster making is an art that finds expressions in almost every aspect of our lives. You may have seen colourful posters advertising everything from toothpaste to movies.

Now use your imagination to create a poster.

Take any lesson from The English Channel. It may be a poem or a prose piece. Imagine it is to be made into a movie.

Design a poster for it.

You may take hints from the poster given below. The film *The Inconvenient Truth* is based on the environment and the poster, through its simple design managed to promote the film and arouse the interest of the viewers.

Adding a social message to your poster will make your efforts more satisfying so choose your piece from the text with this in mind

Use the A-4 sheet s or chart-paper as per your requirement.

Your poster will be assessed on :

- Research and explore
- Relevant content
- Catchy heading/ Topic

Read Chapters 1-10 Roald Dahl ‘ The BFG’ and write a summary of the chapters within 200 words in A4 sheets. You may divide and use the A4sheet as per your requirement.

Memorise the poem that has been assigned to your section and given to you in the class, in preparation for the Choral Recitation Competition to be held on your return to School. The text of the poems will be also uploaded in the School App.

SECTION	POEM
VI-A	Grim and Gloomy
VI-B	Beat! Beat! Drum
VI-C	The Pig Tail
VI-D	The Crocodile

SCIENCE & MATHEMATICS

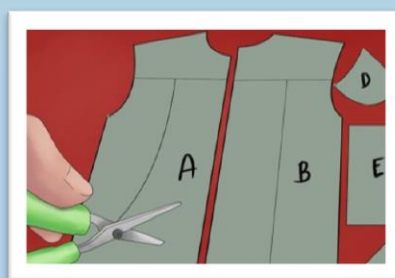

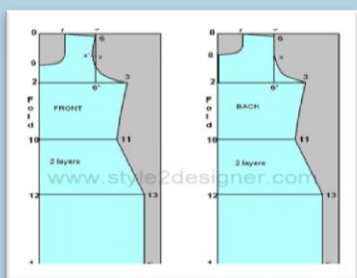

Let us see how we can bring together your Science syllabus (Fiber to Fabric) some mathematics and measurement and making the best of waste. Therefore, during the holidays let's tidy our room and find some unused paper and fabrics and recycle it.

Following the steps given let's do some designing:

1. Think about a costume that you want to design.
2. Make a paper layout (blue print) of the costume with measurements with the recycled paper and paste it in a A4 sheet as shown below.
3. Trace the above layout on the fabric that you have chosen.

Cut the old fabric according to the layout. Stick or staple or glue the fabric and make the final product (costume).

4. Tabulate the properties of the fabric in an A4 sheet under the following headings.

PROPERTIES OF THE FABRIC	
Kind of fabric (cotton , jute, wool, etc.)	
Texture (soft, coarse, etc)	
Type (natural or artificial)	
Waterproof (yes/ no)	

The project will be assessed in the following parameters:

- *Accuracy
- *Content
- *Presentation
- *Final product

COMPLETE THE FOLLOWING

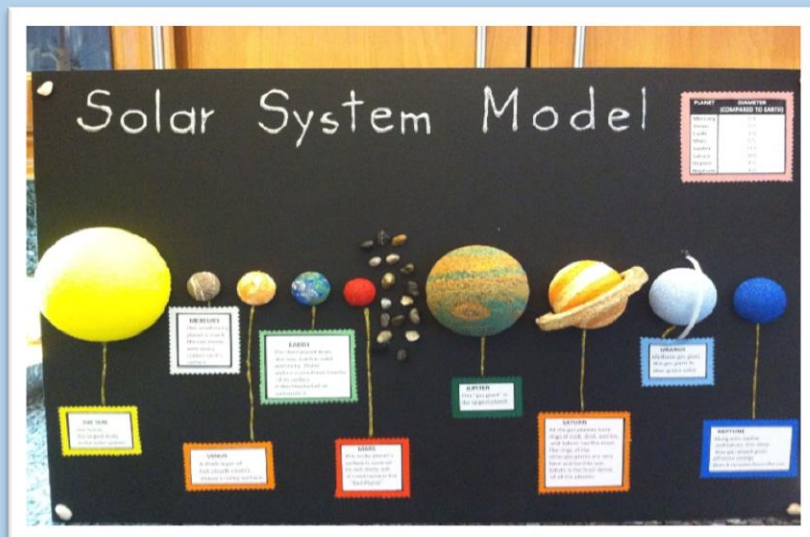

- ✓ Science: Living science page no: 30 and 31, Q A and B
 - ✓ Mathematics: R.S Agarwal Page: 21 Question no. B,C and D. Page: 43 Question no. B, C, D and Page: 59 Question no. B,C,D and E
- For both subject work to be done in the textbook itself.

SOCIAL SCIENCE: AT THE CENTRE OF MY UNIVERSE

Solar System Model Project for Std. VI:

We have been learning about the solar system and models. In order to show what you have learned, we would like for you to create your own solar system model to display in the classroom. There are no limits to the project; you can use anything you like! We encourage you to be creative and show what you have learned. There are some basic rules for your project:

- You must have **the Sun and all 8 planets!** (You may include Pluto if you wish. But remember, it isn't a planet anymore!)
- The sun needs to be the biggest object. Try to keep the planets in proportion. In other words, **Earth should not be larger than Jupiter.**
- All objects must be labeled correctly and where we can easily read it.
- You should be able to **give 3 interesting facts** about each object. You can include the facts on your project or on index cards.
- The planets should be colored correctly. Follow the color patterns given below:
- Mercury: Color the planet yellow. Color over the yellow with light brown.
- Venus: Color the planet yellow. Color over the yellow with light brown.
- Earth: Color the land – brown or green, water – blue, clouds – white.
- Mars: Color the ice caps white. Color the rest of the planet orange. Color over the orange with light red.
- Jupiter: Color the planet orange, yellow, red, and light brown. Make the Great Red Spot dark red.
- Saturn: Color the planet yellow and light orange. Color the rings light yellow.
- Uranus: Color the planet blue-green.
- Neptune: Color the planet blue. Color the clouds white. Make the Great Dark Spot dark blue.
- You may use anything you like to do the project. A coat hanger, a box, dowel rods, Styrofoam balls, food, old newspapers, plastic balls....whatever you would like!

The project will be assessed in the following criteria:

- *Creativity
- *Correct order
- *Proportion/Scale
- *Labels
- *Facts

HINDI

SECOND LANGUAGE

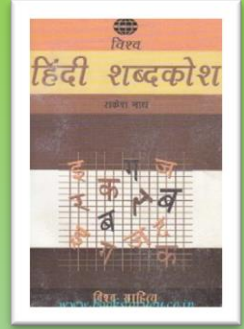

स्वर (अ से अः) एवं व्यंजन वर्ण (क से झ) पर आधारित दो-दो नवीन शब्द बनाकर एक शब्दकोष (DICTIONARY) तैयार करें।

नर्देश - (1) शब्दकोष A4 शीट पर बनाना है।

(2) 6"X4" साइज़ होनी चाहिए (किताब के रूप में)

(3) शब्दकोष का ऊपरी पृष्ठ (COVER PAGE) आकर्षक (ATTRACTIVE) बनाए।

उदहारण - वर्ण	शब्द	अर्थ
अ	अनोखा	विचित्र
अमर		जो कभी न मरे

BENGALI

“অভিধান তৈরী”

(তোমাদের পাঠ্য পুস্তক থেকে নতুন নতুন অক্ষর নিয়ে 100 টির মধ্যে শব্দ তৈরী করো:-)

নির্দেশাবলী:- ক্লাস ৬

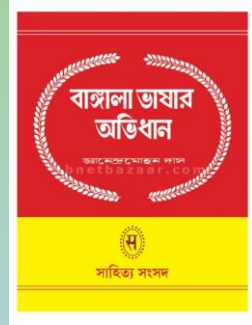

. A4 শিট কাগজ

. মাপ :-৬ ইঞ্চি লম্বা, ৫ ইঞ্চি চওড়া

. কালার ফুল কভার পেজ

. প্রতিটি বর্ণের দুটো করে শব্দ ও অর্থ

. কিছু রঙিন ছবি অভিধানের ভেতরে লাগিয়ে সুন্দর করো

NEPALI

•स्वर र व्यञ्जन वर्णलाई लिएर दुई - दुईवटा नयाँ शब्द तयार गरी एउटा शब्दकोश (Dictionary) बनाउनुहोस्।

शब्दकोश बनाउने तरीका

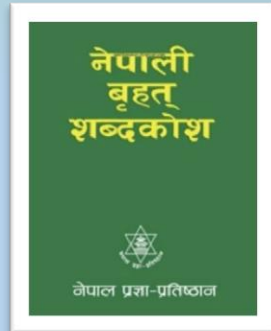

१. प्रथममा A 4 कागजलाई लिएर आफूसित राख।

२. A 4 कागजलाई 6X4" आकार देऊ।

३. यस भित्र रंगीचंगी नक्शा बनाऊ।

४. आकर्षित ढंगमा शब्दकोशको आवरणलाई सजाऊ।

The project will be assessed in the following criteria: Knowledge, Innovative ideas, Creativity, Presentation

The dictionary project will be assessed in the following criteria: Knowledge, Creativity, Presentation

❖ Note: All the Indian language dictionaries may also be made in a Power Point Presentation and emailed to: middleschool@gdgoenkaschool.in

COMPUTER STUDIES

The term Artificial Intelligence (AI) has become a buzzword in the field of computer science. Find out more about AI with the help of the Internet, or the print media. Make a Power Point Presentation on the topic: **DEVELOPMENT OF ARTIFICIAL INTELLIGENCE.**

The project will be assessed in the following criteria:

- Creativity/Knowledge/Presentation
- Use A4 page for printout. Or bring in CD or Pen Drive with name, class and section clearly mention. They will be handed over to you after assessment or mail the same to middleschool@gdgoenkaschool.in
